design Andrea CASATI

rochebobo
PARIS

Le piétement central de ce modèle est constitué d'un faisceau de lames d'acier taillées en trapèzes, groupés au sol et s'évasant dans une disposition particulière qui crée des perspectives sans cesse renouvelées. Son plateau est réalisé en composite céramique/verre (nombreuses finitions).

The central base of this model is made up of an array of steel blades cut into trapeziums, grouped on the ground and flaring out in a particular arrangement that constantly creates renewed perspectives. Its top is made of ceramic/glass composite (many finishes).

La base central de este modelo está formada por un haz de láminas de acero cortadas en forma de trapecio, agrupadas en el suelo y ensanchadas en una particular disposición que crea perspectivas constantemente renovadas. Su sobre está realizado en composite de cerámica/vidrio (varios acabados).

Collection **ALLIAGE** Tonneau - Barrel Shaped - Tonel

design Andrea CASATI

rochebobois
PARIS

Cette version en forme de tonneau devient un superbe ovale quand les deux rallonges se déploient. L'ovale fixe correspondant aux dimensions avec rallonges déployées existe aussi.

This barrel-shaped version transforms into a beautiful oval when the two extensions unfold. The fixed oval corresponding to the dimensions with extensions also exists.

Esta versión en forma de tonel se convierte en un hermoso óvalo cuando se despliegan las dos extensiones. También existe el óvalo fijo correspondiente a las medidas con extensiones extendidas.
