La collection Auréa puise sa force dans ses sections généreuses et fluides. Piétements profilés, travail artisanal de l'assemblage d'un plateau de table en parqueterie soleil, tous ces détails permettent de sublimer le veinage et le grain délicat du teck massif. Le savoir-faire d'ébénisterie est mis en avant dans le travail tout en chantournage de la chaise pliante.

The Auréa collection draws its strength from its generous and fluid sections. Contoured legs, the artisanal work of assembling a table top in sunset parquetry, all these details are here to sublimate the elegant pattern and the delicate grain of the solid teak. The know-how of cabinetmaking is highlighted in the fretwork of the folding chair.

La colección Auréa tiene su fuerza de sus secciones generosas y fluidas. Las patas contorneadas, el trabajo artesanal de montar un tablero de mesa en parquet sunburst, todos estos detalles permiten sublimar el grano y el delicado grano de la teca maciza. El saber hacer de la ebanistería se destaca en el calado de la silla plegable.
